**Subject:** FW: BT/CT Standing meeting (02/09)

Hi Leo: Do you think that we should put the getting-funds-from-BT for common technologies at the top of the list for balancing the pertussis budget??! Linda

Subject: RE: BT/CT Standing meeting (02/09)

Time sensitive agenda item for those of you that could not attend today's meeting:

DPH will receive about \$5 million in BT grant rollover funding. Like last year, we may not receive this money until the end of the fiscal year. This money must be spent by the end of the fiscal year (Aug 2005) or will be lost. Many of the DPH projects this money was earmarked for can not be completed in a short amount of time, therefore Sally Cheney has requested a backup list of items the money could be spent on in a short amount of time if needed. I will be submitting a list to Sally of laboratory items/projects that could be purchased with BT grant rollover funds in a short amount of time. If you have a need for something that is not currently budgeted for please send me an email by COB today with a detailed justification related to BT/CT testing.

Thanks,  
Mariah
